Retreats and Conferences

gull lake centre

Retreat Centre

Our most popular accommodation for small groups, the Retreat Centre is a friendly building. The two story building is separated from the rest of the camp ensuring privacy and peace of mind.

The Retreat Centre features seventeen double occupancy rooms. Each room has two single beds, closet space, and nightstands. Both floors have mens and ladies bathrooms. Groups can book the upstairs or downstairs separately with meeting space on each floor.

Meeting Space

All rentals include appropriately sized meeting space. Depending on the size and usage of your group, multiple meeting spaces may be utilized. Spaces are equipped with AV equipment and seating. All spaces are prepared and set up according to your needs.

Pod Cabins

The newest accommodation at Gull Lake Centre offers a unique experience. All ten Pod Cabins feature a two story layout including a three piece bathroom, additional sinks, and all season heating.

Each Pod accommodates five to ten people in standard bunk beds. Pod Cabins are often booked as a celebration or special occasion.

Traditional Cabins

Gull Lake Centre's most precious accommodations are the Traditional Cabins. The twelve cozy Cabins are situated around green space directly in front of the Main Building.

Each Traditional Cabin accommodates four to eight people in standard bunk beds. A washhouse stands behind the cabins for year round use. Both the washhouse and cabins are fully heated.

Traditional Cabins are a popular choice for those seeking an authentic experience.
